

Bassetti Elementary Parent School Compact

The education of children is a responsibility that must be shared by teachers, administrators, and parents alike. Research shows again and again that students do better when parents are involved in the education process. Parents can be effective partners in helping raise student's grades and self-esteem. We, at Bassetti Elementary School are committed to establishing positive relationships with parents to bring about a climate of success.

We at Bassetti Elementary School are enlisting the support of parents and teachers to build a powerful partnership between home and school. We want you to sign a school compact that will show the importance we all place in the education of your child.
