The operation does not offer school age care; therefore this subchapter was not evaluated during the monitoring inspection. A supplemental inspection form was generated on 8/29/22 and will replace the inspection form sent to the operation on 8/26/22. In error, the clause "School age child care is not offered by the operation; therefore, this subchapter could not be evaluated" was not indicated in the narrative on the 2936. This form will be posted in place of the inspection form sent to the operation on 8/26/22.
