FOR IMMEDIATE RELEASE

PRESS RELEASE

ONLINE SURVEY AVAILABLE FOR FEEDBACK ON AFTER-SCHOOL CARE PROGRAM

Abilene ISD is seeking public feedback as the district prepares to choose an after-school provider for students.

An online survey is now available for parents, guardians and community members to submit their input. The district will take into consideration the feedback as it evaluates proposals from interested service providers. The survey, which primarily asks respondents to identify the priorities the district should consider in making its selection, can be found on the district's website at <https://www.abileneisd.org/for-parents/after-school-parent-guardian-survey/>.

We encourage all those interested in after-school care services to participate in the survey so that your feedback can be used in identifying a provider.

Deadline to submit responses is January 25.
