Generate Student Login Accounts for your Class ✕

To create student accounts for your class for this school-year, you will need to specify the number of students that will be needing accounts. After inputting the number of accounts, A PDF will be generated with registration codes for each student. You can print, cut up and distribute the resulting slips of paper to your students who can input the codes that appear on them either at a computer lab or at home to create their account. Please enter the number of student accounts you need for your class.

**Number of Students:**
