- c. School: ABILENE ISD(will have to type in all caps if not entered previously)

**Accessing Content:**

- a. Select Content from the header at top of login page:

## Accessing Content within Odyssey By Compass Learning

### b. Two options for direct access to content:

1. Curriculum Index: You can browse all Odyssey curriculum and assessment material by grade level, subject, chapter, lesson or state correlation. You can also view the contents of all prescriptive folders and learning paths, as well as preview specific learning activities, lesson quizzes and chapter tests
2. Resources: Provides access to scope and sequence documentation, support documentation, release notes, a link to the Odyssey Knowledge Center, and other course specific resources.

### C. Navigating Curriculum Index:

**Step 1:** Select a Subject from the pull down menu under Odyssey

**Step 2:** Select Grade level for which you want to view curriculum. Grade level curriculum available for each subject is indicated by the darkening of that grade

**Step 3:** Can you content from options  
 Sequences  Skills  Standards

**Step 4:** After selecting grade level, curriculum will populate. You can expand the different sections by selecting the +sign. Click material you want to access.

**Step 5:** Select Activity: Options for Activities range by course and content selected:

- Tutorials**(short video clips, transcripts, check for understanding, activities)
- Authentic Tasks**(Paper based, simulations, etc...)
- Odyssey Writer**(writing activities)
- Multiple Choice Assessments**(Labeled by quiz or test)

Type	Activity Name
- BI221	Introduction to the Needs of Living Things
- aqbi221	Activity Quiz: Introduction to the Needs of Living Things
- BI222	More on the Needs of Living Things
- aqbi222	Activity Quiz: More on the Needs of Living Things
- BI2001	Authentic Task: The Four Major Biological Macromolecules
- BI2002	Odyssey Writer: The Special Properties of Water
	Lesson Quiz: The Needs of Living Things
